1 Active Committers

> **Important**
>
> Please don't write to any developer directly if you need help on using FOP. Only if you submit questions to the FOP User Mailing List will other FOP users be able to profit from answers given to your question. Another point is that a developer may have gone inactive or is on holidays in which case you may not get an answer in time.

- Glenn Adams (GA) is an independent consultant. He is former technical director of the Unicode Consortium, and a co-author of the Unicode Standard. He served on ISO JTC1/SC2 (Coded Character Sets) and JTC1/SC18/WG8 (Document Processing) committees, and was actively involved in the creation of ISO 8879 (SGML), ISO/IEC 9541 (Font Information Interchange), ISO/IEC 10179 (DSSSL), ISO/IEC 10180 (SPDL), ISO/IEC 10646 (Universal Coded Character Set), and, within the W3C, on XSL-FO 1.0.
